		Plan:	20083

Alternate Crawl/Slab Plan

### One Level Living with a Twist

Here's an inviting home with a distinctive difference. Active living areas are wide-open and centrally located. From the foyer, you'll enjoy a full view of the spacious dining, living, and kitchen areas in one sweeping glance. You can even see the deck adjoining the breakfast room. The difference in this house lies in the layout of the bedrooms. Each is a private retreat, away from active areas. The master suite at the rear of the house features a full bath with double sinks. Two additional bedrooms, off in their own wing, share a full bath.

Photos or renderings will vary from actual plan.

## Oaks Home Collection
